Vaughan & Bushnell Manufacturing Co.

Chicago Illinois U. S. A.

Makers of High Grade

Tools

Established 1869
Incorporated 1882

1910

A PERUSAL of this catalogue will show progress in designing and manufacturing, which backed by a thorough knowledge of working conditions, and a pride in making the best, have resulted in entire satisfaction to the users, and in a realization that tools manufactured by *Vaughan & Bushnell Mfg. Co.* are the best that money can buy.

WARRANTY

We will gladly replace if returned to us, any tool stamped with our name, that may prove defective either in material or workmanship.

TESTS

Every article we manufacture is closely inspected and severely tested before leaving our works.

Notice

This catalogue replaces any previous issue.

All list prices in any of our other catalogues are hereby made void.

In making up specifications a great favor will be conferred on us if our customers will use the same descriptions and numbers of articles as given in this catalogue.

Terms

Prices are subject to change without notice.

All claims for allowances must be made promptly on receipt of goods.

Payments must be made within sixty days. We allow two per cent cash discount if invoices are paid ten days from date.

Invoices subject to sight draft without notice sixty days from date.

Remittances must be made in par funds in Chicago or New York.

Vaughan & Bushnell Mfg. Co.

Handled Hammers

All hammers of our manufacture are drop forged from extra warranted steel of special analysis.

The steel is closely hammered, leaving the grain compact.

Every hammer is hardened and drawn by improved process, insuring a perfect and even temper.

By this improved method of manufacture, every hammer is uniform in pattern as well as temper.

The handles are of our own manufacture, and are turned from the best grade of second growth hickory.
